## EXPERIENCE

### Web Developer Intern

#### Frogbid

September 2023 – December 2023

My major responsibility was to complete frontend develop of a website for clients based on their proposed website, as well as fronted design for select clients. During my journey, I was assigned to work on many of their projects, where I had to demonstrate and hone my developer skills. working on the frontend programming using Bootstrap . During the early stages of my internship, I was also assigned tasks to refresh my knowledge of HTML, CSS, and JavaScript, where I had to learn CSS because I had no prior experience
