EXPERIENCE

Database Operator (Outsourcing)

Tax Office Khulna

March 2026 – Spetember 2026

tax.khulna.gov.bd

Worked as a Database Operator (Outsourcing) at the Tax Office, Khulna, responsible for data entry, database updating, record verification, and maintaining accurate taxpayer-related information. Handled computer-based office tasks, prepared and organized reports, maintained digital records, and supported day-to-day administrative and database operations while ensuring accuracy, confidentiality, and timely completion of assigned tasks.

Web Developer Intern

Frogbid

September 2023 – December 2023

frogbid.com

My major responsibility was to complete frontend develop of a website for clients based on their proposed website, as well as fronted design for select clients. During my journey, I was assigned to work on many of their projects, where I had to demonstrate and hone my developer skills. working on the frontend programming using Bootstrap . During the early stages of my internship, I was also assigned tasks to refresh my knowledge of HTML, CSS, and JavaScript, where I had to learn CSS because I had no prior experience

Web Developer

Metasoul

January 2025 – June 2025

metasoulbd.com

Designed and developed responsive, user-friendly websites using HTML5, CSS3, JavaScript, Bootstrap, and Tailwind CSS. Translated UI/UX wireframes and mockups into functional, pixel-perfect web pages. Optimized website performance, accessibility, and cross-browser compatibility. Collaborated with backend developers to integrate APIs and dynamic data. Ensured SEO-friendly structure and smooth user navigation.
